Dear Sirs:

I am writing in regards to the proposed removal of the dams on the Snake River.

As a business man providing services for many of those who have a direct benefit from the dams, I would like to register my protest to any attempt to remove the dams.

I fully understand the potential gain to wildlife but I am unwilling to sacrifice the well being of humans for the sake of the animals. Many of my friends and colleagues would be deeply impacted by removal. Please, let's use some common sense here and not give in to political pressures.

Sincerely,

Dean Hultman
