**Re: Section 106 Review for the Proposed Repair of Damaged Areas  
of the Gooding Diversion Project / SHPO Review No.: 2018-1035**

Dear Mr. Hall

Thank you for consulting with our office on the above referenced project. We understand the scope of work includes repairs to the diversion outlet apron and adjacent levee embankment of the upstream, right-bank, diversion dam at the Gooding Diversion Project in Gooding County, Idaho. Previous portions of the project (10GG866 and 10GG865) have been previously determined ineligible for the National Register of Historic Places (NRHP).

Pursuant to 36 CFR 800.5, we have applied the criteria of effect to the proposed undertaking. Based on the information received 30 July 2018, we concur that the proposed project actions will result in **no historic properties affected** (36 CFR 800.4(d)).

In the event that cultural material is inadvertently encountered during the implementation of this project, work shall be halted in the vicinity of the finds until they can be inspected and assessed by the appropriate consulting parties. If you have any questions, or the scope of the work changes, please contact me at [elizabeth.witkowski@ishs.idaho.gov](mailto:elizabeth.witkowski@ishs.idaho.gov) or (208) 488-7467.

Sincerely,

**Elizabeth C. Witkowski, M.A.**
