

# Regional General Permit No. 27 Geographic Area of Coverage

**NOTE- Areas below are excluded from Regional 27:**

1. Areas within 1/2 mile of a bald eagle nest.
2. No docks are allowed within 300 feet of the mouth of Gold Creek, West Gold Creek, Granite Creek, Lightening Creek, Twin Creek, Johnson Creek, Strong Creek, Trestle Creek, Grouse Creek and the Priest River.
3. Docks located between 300 feet and 1/4 mile of the mouth of the above listed streams must have light penetrating decking.
4. Areas that provide important wildlife habitat as indicated with cross-hatching on this map. These areas are discussed in Section III of Regional Permit 27.
