## For Your Information

### **McNary Pool - Temporary Low Pool Operations September 17 through September 18**

The McNary Pool may fall below 338 feet late on Wednesday, 17 September through Thursday, 18 September. This low pool operation is to facilitate the McNary stilling basin survey on 18 September. Powerhouse restrictions during the survey will likely require the Bonneville Power Administration (BPA) to set up the pool at possibly below 338 feet.

You may call Operations Division at (509) 527-7113 or 509-527-7111 if you have questions.
