Lower Snake River Juvenile Salmon Migration Draft Feasibility Report/ Environmental Impact Statement

The U.S. Army Corps of Engineers invites any person who has an interest in the Draft FR/EIS or represents a group of people that have an interest in the subject matter of this study, to make comments. The Corps will respond to the comments related to their Draft FR/EIS in their next NEPA document produced for the Lower Snake River Juvenile Salmon Migration Feasibility Report/EIS. Comments will be accepted through March 31, 2000.

Name: *Tana Wheeler*

Organization: *Nez Perce Tribe*

Comments:

I support Dam Breaching because I feel it will save our salmon. When I say our I mean ours is in a whole society. Sure our tribe needs salmon but so does everybody else. Everyone from the angry men in support of Keeping Dams to us peaceful indians.

What matters ~~most~~ more? Concrete which is replaceable or Salmon which is unreplaceable (extinction)

Think about it.

Peace
