Dear Brigadier General Carl Strock,

I would like it if you wouldn't breach the dams and here are 3 good reasons why:

1. It cost millions of dollars to build the dams and it will cost even more to breach them.
2. It would put a lot of people out of work.
3. Lewiston wouldn't be a seaport any longer.

I am Diane Norton from Mrs. Johnson's fourth grade and I would appreciate it if you would not breach the dams for the 3 reasons I have just told you

Sincerely yours,

Diane Norton
