Lower Snake River Juvenile Salmon Migration Draft Feasibility Report/ Environmental Impact Statement

The U.S. Army Corps of Engineers invites any person who has an interest in the Draft FR/EIS or represents a group of people that have an interest in the subject matter of this study, to make comments. The Corps will respond to the comments related to their Draft FR/EIS in their next NEPA document produced for the Lower Snake River Juvenile Salmon Migration Feasibility Report/EIS. Comments will be accepted through March 31, 2000.

Name: James P. Gingrich

Organization: Cybertek

Comments: I would like to advocate alternative 3 for a period of 5-10 years & see what the results are. We cannot breach but we must take steps immediately. I would suggest eliminating Rice Island & removing the terns. Lets get started with recovery & quit debating.
