Re: Lower Snake River Juvenile Salmon Migration Feasibility Study

Dear Army Corps of Engineers:

I am a citizen of the Pacific Northwest and believe the best way to aid our salmon is to adopt Alternatives 1 or 2. I oppose dam breaching (Alternative 4) because it is economically harmful and will not help recover salmon.

Thank you for the opportunity to comment.

Hopefully someone

hear our plea &
stop this silly
way of doing things
& leave our dams
alone.
