MAR 24 2000

To Whom It may Concern:
This letter contains my reasons
why I don't want people to breech
the dames. Breeching the dames
would affect me personally by
farming. My family grows wheat for
a living. If the dames are demdished
then we cant hall our gran.

Some people work along the river,
such as my friends father. If
the dames are taken out he will
loses his job. I may never see
her again.
