Dear Sirs and Mesdames,

The Inland Northwest Wildlife Council would like to take this opportunity to endorse breaching of the four lower Snake River Dams in order to provide the best opportunity for restoring wild salmon and steelhead to healthy fishable numbers. We do so with the stipulation that the Federal Government help pay the cost of the impacts to irrigation, shippers and power users as a part of their obligation to restore the salmon and steelhead runs.

Thank you for your consideration.

Sincerely,

James A. Layman
Executive Director
