## (3) Status Report Lower Granite Lock

Located at Snake River Mile 107.5

This is the Thursday update on Lower Granite gate repair status.

Today new ropes are being installed on the land side of the upstream gate.

Preparation for new river side ropes is underway.

Crack repair welding is on schedule for Friday, 21 December 2007. Lower Granite Lock will be closed from 0700 to 1900 on Friday, returning to bulkhead lockage at 1900 until the gate repairs are completed.

The gate is scheduled to return to full service 24 December 2007, at 1700 if all work continues as planned.
