## Gate Inspections Scheduled at Little Goose and Lower Granite Lock & Dams

Little Goose lock closed 18-22 August  
Lower Granite lock closed 19-20 August

The navigation lock at Little Goose Lock & Dam, located at SN mile 70.3, will be closed to river traffic for inspection of the downstream gate. The closure will begin 18 August at 6:00 a.m. and the scheduled return to service is 22 August at 12:00 midnight. The inspection is to determine the condition of the downstream gate and gather data for contract repair of gate cracking during the annual maintenance lock outage in March 2009.

Additionally, the navigation lock at Lower Granite Lock & Dam, located at SN mile 107.5, will be closed 19 August beginning at 7:00 a.m. and reopening 20 August at 5:00 p.m. District engineers will inspect the upstream gate to determine its condition and repair needs.

We appreciate your understanding and cooperation. For additional information, please call Operations Division, at (509) 527-7115 or (509) 527-7113.

Public Notices and other Walla Walla District navigation lock information are available on the Internet at:
