2012 ANNUAL MAINTENANCE LOCK CLOSURE

The annual maintenance lock closure for Walla Walla District Corps of Engineers is scheduled for March 2012. Maintenance, inspection and repair work will take place at the locks during the closure.

Locks to be closed include McNary Lock & Dam, CO river mile 292; Ice Harbor Lock & Dam, SN river mile 9.7; Lower Monumental Lock & Dam, SN river mile 41.6; Little Goose Lock & Dam, SN river mile 70.3; and Lower Granite Lock & Dam; SN river mile 107.3.

Additional contract repairs will be done at Ice Harbor and Lower Monumental locks. Ice Harbor will replace the cables on the downstream gate and phase III of the concrete wall repair at monolith 15 will take place at Lower Monumental lock during the maintenance outage.

The contractor for the Lower Monumental wall repair requires some additional lock closure time to prep for the repairs. As a result, during the week prior to the annual maintenance closure, between February 27 and March 2, the lock will be closed to river traffic between the hours of 6 a.m. and 6 p.m. each day and 6 p.m. each day and open for lockages 6:00 p.m. to 6:00 a.m. each night.

March 2012 Navigation Lock Maintenance Closures		
Project	Closes	Reopens
McNary	6:00 a.m., 6 March 2012	6:00 p.m., 20 March 2012
