U.S. ARMY

# HOW IT WORKS:

## 1. Cost MCX reviews your work scope to:

- ✓ Confirm that your task order statement of work (SOW) is within scope of the base contract. (Contracting Office confirms cost engineering SOW for approval & capacity transfer).
- ✓ Confirm sufficient capacity (time & money) is available.
- ✓ Guide best A-E Contractor fit for your specific scope of work.

U.S. ARMY

# HOW IT WORKS (CONTINUED):

## 2. Request Capacity:

- ✓ Requesting District sends NWW Contracting copy of SOW.
- ✓ E-mail request must originate from Requesting District's Contracting Office.
- ✓ NWW Contracting performs a detailed review of the SOW.
- ✓ When SOW is accepted and capacity is available, NWW will issue Requesting District a Transfer of Contract Capacity Agreement (TCCA) to review/sign.
- ✓ Once TCCA is executed by both Districts, requesting District can issue Request for Proposal (RFP) and award/administer task order.

## 3. Send copies of task order documents and modifications to NWW.
