

Lower Granite: Fish and Wildlife

Hunting and Fishing Opportunities in Habitat Management Units

The Corps, in cooperation with the state partners, manages over 7,000 acres of public lands that are available for wildlife viewing, hunting, and fishing at Lower Granite. These lands are in areas called Habitat Management Units (HMU). Many of these HMU lands were acquired and developed under a compensation plan authority to address losses to fish and wildlife resources incurred from the construction and operation of Lower Granite Dam.

Visitors can access the specific HMU maps at <http://www.nww.usace.army.mil/Missions/Recreation.aspx>.

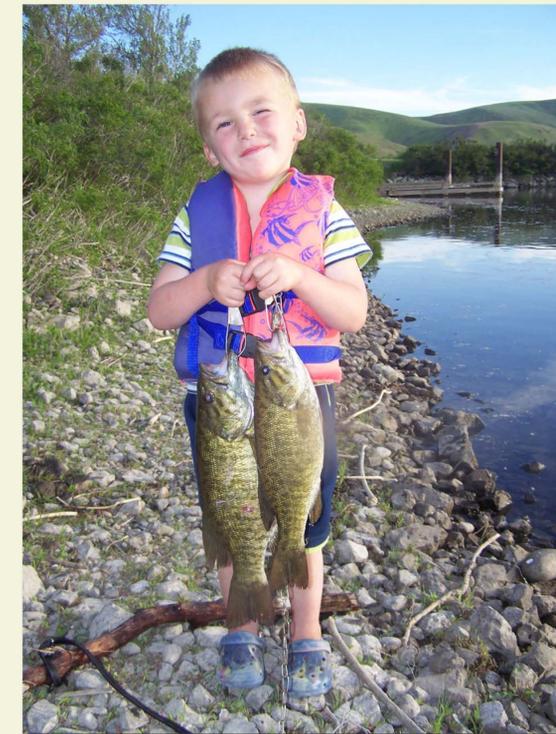

Popular Fish and Wildlife Areas

Nisqually John HMU. 3,077 acres. Day-Use area, fishing, hiking, hunting, bird watching and wildlife viewing. Vault toilets, camping and boat ramps are available nearby at Blyton Landing and Nisqually John Landing. 14 miles northwest of Clarkston, off Hwy. 193.

Chief Timothy HMU. 66 acres. Day-Use area, fishing, hiking, hunting (Shotgun or archery hunting only), bird watching and wildlife viewing. Vault toilet, camping and boat ramp available nearby at Chief Timothy Park (open seasonally). 8 miles west of Clarkston, off Hwy. 12.

Evans Pond HMU. 6 acres. Day-Use area, fishing, and hiking. Vault Toilet, fishing access. 2 miles West of Clarkston on Hwy. 12.

Golf Course Pond HMU. 11 acres. Day-Use area, fishing, and hiking. Vault Toilet, fishing access. 5 miles West of Clarkston on Hwy. 12.

Hells Gate HMU 600 acres. Day-Use area, fishing, hiking, biking, hunting, bird watching and wildlife viewing, limited equestrian trails. Camping is available nearby at Hells Gate State Park.
